Need a ride? Medi-Cal Can Help!

Medi-Cal can help with rides! Since July 1, 2018, you can get a ride to visits for services covered by Medi-Cal. Visits include medical, mental health, substance abuse, or dental services.

Medi-Cal covers two types of rides. One type of ride is called nonmedical transportation (NMT). If you can travel by car, bus, train, or taxi, but do not have a ride to your appointment, NMT services can be set up. You can also use NMT if you need to pick up prescriptions, medical supplies, or equipment.

For help with a NMT ride, follow the steps below:

- If you are enrolled in a Medi-Cal Dental Managed Care (DMC) plan, call your DMC plan for information on how to get NMT services.
- If you are not enrolled in a Medi-Cal DMC plan, call the Telephone Service Center at 1-800-322-6384.

Go to the Department of Health Care Services [website](#) for more information about rides arranged by approved NMT medical or dental providers. Your county office may be able to help you get a NMT ride for non-dental appointments.

The other type of ride is called non-emergency medical transportation (NEMT). Medi-Cal offers NEMT services to eligible members based on your medical need. Your medical or dental provider can decide if you need NEMT services. NEMT services cover wheelchair vans, litter vans, ambulances, or air transportation. You should ask for a ride as soon as you can before your scheduled appointment. If you have or will have many upcoming appointments, your medical or dental provider can ask for advance transportation to cover future appointments.
