

Transcript “Medi-Cal Has Dental Covered” video – English (YouTube)

<https://www.youtube.com/watch?v=oAeBwuWRtdM>

Duration: 1 minute, 34 seconds

Speaker: Mom 1- Hi. Can I tell you a bit about your Medi-Cal benefits? Well, did you know, they don't just cover doctor's visits. They also cover dental visits at little or no cost to you!

Speaker: Mom 1- That means Medi-Cal literally has you covered from your one-of-a-kind smile, all the way down to your toes

Speaker: Mom 1- And best of all, your kids are covered too! As a matter of fact, they're covered for two dental visits a year.

Speaker: Mom 1- So, if your little ones all the way up to age 21 need a check-up, a cleaning, some x-rays, protective molar sealants to help stop those cavities before they start, or anything like that, you really don't need to worry. Because their teeth are already covered by Medi-Cal for free or at a low-cost.

Speaker: Mom 1- You might be thinking, this has got to be too good to be true. Well, it's not.

Speaker: Mom 1- All you have to do is go to SmileCalifornia.org, learn more about your covered services, and find a Medi-Cal dentist near you. Then, call that dentist, schedule a check-up, and while you're at it, ask if your child is ready for molar sealants and Medi-Cal will do the rest.

Speaker: Mom 1- Medi-Cal cares about you and your family's health. And since oral health is closely connected to overall health, they're here to do everything they can to make sure you and your family are covered from head to toe.
