Duration: 30 seconds

On Screen: [Seal Today to Prevent Decay]

Speaker: Narrator- Protect your kid’s teeth against cavities with dental sealants.

On Screen: [Schedule a sealant appointment today]

Speaker: Narrator- Kids can get dental sealants on their permanent molars as early as five years old!

Speaker: Narrator- Sealants are protective coatings placed on the chewing surfaces of molars. The process is painless.

Speaker: Narrator- They help keep food and bacteria from getting into crevices of the tooth and take just minutes to apply.

Speaker: Narrator- Sealants are no substitute for brushing and flossing. Always brush 2x a day for 2 minutes.

Speaker: Narrator- Take your kids to the dentist twice a year and talk to the dentist about sealants today!
